June 25, 2021

The General Services Administration (GSA) recently awarded PMCS (Professional Management Consulting Services, LLC) with the **8(a) STARS III** (Streamlined Technology Acquisition Resource Services) Governmentwide Acquisition Contract (GWAC) to service all federal agencies. The 8(a) STARS III contract vehicle is a multi-award Indefinite Delivery, Indefinite Quantity (IDIQ) contract vehicle managed by the U.S. General Services Administration (GSA). It has a \$50 Billion ceiling during a five-year base, plus a three-year option ordering period, to provide information technology (IT) services across government agencies. The Office of Management and Budget (OMB) designated it as a Best-in-Class (BIC) Multiple Award IDIQ contract.

The primary North American Industrial Classification System (NAICS) code for this Master Contract is 541512 (Computer Systems Design Services). Requirements that align with other IT services NAICS codes are within the scope of the 8(a) STARS III GWAC. These NAICS codes include: 541511, 541513, 541519, 518210. PMCS will provide the following services under this contract vehicle:

1. Data Management
2. Information and Communications Technology
3. IT Operations and Maintenance
4. IT Security / IT workforce augmentation
5. Software Development
6. Systems Design

“This award further expands PMCS’ array of Federal governmentwide best in class contract vehicles, including GSA IT Schedule 70 and NITAAC CIO-SP3. We have client, and national award-winning services that we plan to expand to serve other government agencies through the 8(a) STARS III contract vehicle.”

- Dwight Franklin, President & CEO

About PMCS
