PAST PERFORMANCE

Department of General Services: Datawarehouse development that included requirements, design, system integration, ETL, dashboard, human interface design, testing and training.

National Science Foundation: Coordinate and manage the Graduate Research Fellowship Program (GRFP) communications, outreach, application processing, evaluation, peer review and help desk processes for more than 15,000 applications, 2,000 annual awards and 8,800 active fellows from over 270 institutions.

Internal Revenue Service: Datawarehouse ETL system & data integration, process over 1 trillion records, structured & unstructured data; db's include Oracle, Sybase, Sql and more.

U.S. Army: LAN system administration and technical support services including installation, setup, maintenance, data backup and retrieval. Software installation and upgrades, system recovery, and security management. Operate and maintain the secure/non-secure video teleconferencing equipment and operating systems. Monitor LAN operating environment, system security, hardware reliability, system server backups. Install, maintain and update software and operating systems.

U.S. Department of Health & Human Services: Quality Assurance and Independent Verification and Validation (IV&V) of OMB Digital Accountability and Transparency Act (Data Act) to ensure expenditure transparency/reporting and improve data collection and quality.

USDA Training: Strategic planning, agency-wide online survey, focus groups, qualitative data analysis, strategic communication, workforce development, delivered training to +100,000 federal employees, managers, and leaders.

"PMCS remained a true partner in the success of the project. They spoke truth to leadership at all times, met all the contract deliverables, and remained steadfast with their independent perspective. Based on the quality of their work and the positive relationships forged during this engagement I would highly recommend Professional Management Consulting Services."

--- Deputy Assistant Secretary, Office of Financial Resources,
Department of Health and Human Services
